# Agastache

Checklist contributor: Henrietta Chambers, 9/1/1995

Flora contributor: Alexander Abair

# Agastache cusickii (Greenm.) A. Heller

Common names: Cusick's horsemint, Cusick's giant hyssop

Origin: native Voucher: OSU, most recently collected in 1993.

FPN - 401, accepted, in Oregon (explicit), ours the var. parva Cronq.; FPN2 - 478, accepted, in Oregon (explicit), ; IL - 3:626, accepted, in Oregon (explicit); IN - 4:316, accepted, in Oregon (explicit); PEK - 673, accepted, in Oregon (explicit); VP - 4:249, accepted, in Oregon (explicit).

Synonyms:

Agastache cusickii (Greenm.) A. Heller var. cusickii

VP - 4:249, accepted, in Oregon (explicit).

Agastache cusickii (Greenm.) A. Heller var. parva Cronquist

FPN - 401, accepted, in Oregon (explicit); VP - 4:249, accepted, not in Oregon.

## Agastache occidentalis (Piper) A. Heller

Common names: western giant hyssop, giant horsemint

Origin: native Voucher: OSU, most recently collected in 2004.

FPN - 401, accepted, not in Oregon; FPN2 - 478, accepted, not in Oregon, ; IL - 3:626, accepted, not in Oregon; VP - 4:249, accepted, in Oregon (implied).

## Agastache urticifolia (Benth.) Kuntze

FPN - 401, accepted, given distribution: widespread cordilleran sp. of open places from foothills to rather high elev, wholly E Cas, and in Wn w only to Grand Coulee; GWM - 298, accepted, in Oregon (explicit); IL - 3:624, accepted, in Oregon (explicit); IN - 4:316, accepted, in Oregon (implied); JPM - 713, accepted, in Oregon (implied); JPM2 - 837, accepted, in Oregon (implied); PEK - 673, accepted, in Oregon (explicit).

# Agastache urticifolia (Benth.) Kuntze var. urticifolia

Common names: nettle-leaved horsemint, nettle-leaved giant hyssop

Origin: native Voucher: OSU, most recently collected in 2018.

FPN - 401, accepted, given distribution: widespread cordilleran sp. of open places from foothills to rather high elev, wholly E Cas, and in Wn w only to Grand Coulee; FPN2 - 479, accepted, in Oregon (implied), ; VP - 4:250, accepted, in Oregon (implied).

## Literature cited for Agastache

(Excluding the standard references unless specifically cited in the flora manuscript.)

Cronquist, A. 1943. The legitimacy of Thalictrum polycarpum Wats. Madroño 7(3):81.

Lint, H. and C. Epling. 1945. A revision of Agastache. American Midland Naturalist 33:207-230.

# Ajuga

Checklist contributor: Henrietta Chambers, 9/1/1995

Flora contributor: Alexander Abair

### Ajuga reptans L.

Common names: common bugle, ajuga, bugleweed

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2015.

FPN - 401, accepted, in Oregon (implied); FPN2 - 479, accepted, in Oregon (explicit), ; IN - 4:302, accepted, not in Oregon; VP - 4:280, accepted, not in Oregon.

# **Ballota**

Checklist contributor: Henrietta Chambers, 3/7/1997

Flora contributor: Alexander Abair

## Ballota nigra L. ssp. foetida Hayek

Common names: black horehound

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 1902.

FPN2 - 478, accepted, given distribution: uncommon weed on both sides Cas, .

# Clinopodium

Checklist contributor:

Flora contributor: Alexander Abair

# Clinopodium douglasii (Benth.) Kuntze

Common names: yerba buena, Oregon tea

Origin: native Voucher: OSU, most recently collected in 2016.

FPN2 - 479, accepted, in Oregon (implied), ; JPM2 - 837, accepted, in Oregon (implied).

Synonyms:

Satureja douglasii (Benth.) Briq.

FPN - 407, accepted, in Oregon (implied); IL - 3:646, accepted, in Oregon (implied); JPM - 729, accepted, in Oregon (implied); PEK - 679, accepted, in Oregon (explicit); VP - 4:270, accepted, in Oregon (implied).

# Clinopodium vulgare L.

Common names: wild basil, savory

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2019.

FPN2 - 479, accepted, in Oregon (explicit), ; KZ - 1:345, accepted.

Synonyms:

Satureja vulgaris (L.) Fritsch

Halse, 1992A -, "First report for Oregon." Halse 4057; IN - 4:308, accepted, in Oregon (implied).

### **Literature cited for Clinopodium**

(Excluding the standard references unless specifically cited in the flora manuscript.)

Halse, R.R. 1992A. Noteworthy collections - Oregon. Madroño 39(2):159.

# **Dracocephalum**

Checklist contributor: Henrietta Chambers, 6/13/1995

Flora contributor: Stephen Meyers

# Dracocephalum parviflorum Nutt.

Common names: American dragonhead, small-flowered dragonhead

Origin: native Voucher: OSU, most recently collected in 2015.

FPN - 401, accepted, in Oregon (implied); FPN2 - 479, accepted, in Oregon (explicit), ; IN - 4:318, accepted, not in Oregon; PEK - 674, accepted, in Oregon (explicit).

Synonyms:

### Moldavica parviflora (Nutt.) Britton

FPN - 401, synonym for Dracocephalum parviflorum, in Oregon (implied); IL - 3:627, accepted, in Oregon (explicit);

VP - 4:262, accepted, in Oregon (explicit).

# **Galeopsis**

Checklist contributor:

Flora contributor: treatment pending

## Galeopsis tetrahit L. var. tetrahit

Common names: brittlestem hempnettle

Origin: exotic, not naturalized

FPN - 402, accepted, no geog. info. given; FPN2 - 480, accepted, not in Oregon, ; VP - 4:251, accepted, not in Oregon.

# Glechoma

Checklist contributor: Henrietta Chambers, 6/13/1995

Flora contributor: Alexander Abair

### Glechoma hederacea L.

Common names: ground ivy, gill-over-the-ground, creeping charlie

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2015.

FPN2 - 480, accepted, in Oregon (implied), ; IN - 4:318, accepted, in Oregon (implied); JPM2 - 837, accepted, in Oregon (implied); PEK - 674, accepted, in Oregon (explicit); VP - 4:253, accepted, in Oregon (implied).

Synonyms:

#### Glecoma hederacea L.

orthographic variant

FPN - 402, accepted, in Oregon (implied); IL - 3:627, accepted, in Oregon (implied); IN - 4:318, accepted; JPM - 714, accepted, in Oregon (implied); VP - 4:253, accepted.

# Hedeoma

Checklist contributor: Henrietta Chambers, 9/1/1995

Flora contributor: Alexander Abair

### Hedeoma pulegioides (L.) Pers.

Common names: American pennyroyal

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 1931.

FPN2 - 480, accepted, in Oregon (explicit), in genus desc.; Gleason & Cronquist, 1991 - 438, accepted, not in Oregon.

# Literature cited for Hedeoma

(Excluding the standard references unless specifically cited in the flora manuscript.)

Gleason, H.A. and A. Cronquist. 1991. Manual of Vascular Plants of Northeastern United States and Adjacent Canada. 2nd Ed. The New York Botanical Garden, NY.

# Lallemantia

Checklist contributor: Henrietta Chambers, 9/1/1995

Flora contributor: Stephen Meyers

# Lallemantia peltata (L.) Fisch. & C.A. Mey.

Common names: lion's heart

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 1991.

FPN2 - 481, accepted, in Oregon (explicit), .

# Lamiastrum

Checklist contributor: , 2/23/2010 Flora contributor: Alexander Abair

## Lamiastrum galeobdolon (L.) Ehrend. & Polatschek

Common names: yellow archangel

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 2017.

JPM2 - accepted, in Oregon (implied), waif.

# Lamium

Checklist contributor: Henrietta Chambers, 9/1/1995

Flora contributor: Alexander Abair

### Lamium amplexicaule L.

Common names: common deadnettle, henbit

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2020.

FPN - 403, accepted, no geog. info. given; FPN2 - 481, accepted, in Oregon (implied); IL - 3:630, accepted, in Oregon (implied); IN - 4:324, accepted, in Oregon (implied); JPM - 714, accepted, in Oregon (implied); JPM2 - 838, accepted, in Oregon (implied); PEK - 675, accepted, in Oregon (explicit); VP - 4:254, accepted, in Oregon (implied).

### Lamium maculatum L.

Common names: spotted deadnettle

Origin: exotic, not naturalized

Voucher: OSU, most recently collected in 1926.

FPN - 403, accepted, in Oregon (implied); FPN2 - 481, accepted, given distribution: occ weed, mostly w Cas, also in AK and e N Am, ; IL - 3:630, accepted, in Oregon (explicit); PEK - 676, accepted, in Oregon (explicit); VP - 4:254, accepted, in Oregon (explicit).

### Lamium purpureum L.

Common names: red deadnettle, purple deadnettle

Origin: exotic, naturalized

Voucher: OSU, most recently collected in 2018.

FPN - 403, accepted, no geog. info. given; FPN2 - 481, accepted, in Oregon (implied), ; IL - 3:630, accepted, not in Oregon; IN - 4:324, accepted, not in Oregon; JPM - 714, accepted, in Oregon (implied); JPM2 - 838, accepted, in Oregon (implied); PEK - 675, accepted, in Oregon (explicit); VP - 4:256, accepted, in Oregon (implied).

Synonyms:

Lamium purpureum L. var. incisum (Willd.) Pers.

KZ - 2:418, accepted.

Lamium purpureum L. var. purpureum

# Lavandula

Checklist contributor: Richard Halse, 4/15/2009

Flora contributor: Alexander Abair

### Lavandula angustifolia Mill.

Common names: English lavendar Origin: exotic, not naturalized

FPN2 - 477, accepted, given distribution: Eurasian intro, rarely escaping cult; several spp. Recorded from our area, not bolded in Lavendula

spp. Desc. in genus list.

### Lavandula stoechas L.

Common names: Spanish lavender, butterfly lavender, French lavender, bract lavender

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 2019.

FPN2 - 477, accepted, given distribution: Eurasian intro, rarely escaping cult; several spp. Recorded from our area, not bolded in Lavendula spp. Desc. in genus list.

Leonurus

Checklist contributor: Henrietta Chambers, 9/1/1995

Flora contributor: Alexander Abair

### Leonurus cardiaca L.

Common names: motherwort

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 1996.

FPN - 403, accepted, given distribution: ...casual with us...; FPN2 - 482, accepted, in Oregon (implied), ; IN - 4:324, accepted, in Oregon (implied); VP - 4:256, accepted, in Oregon (implied).

# Lycopus

Checklist contributor: Henrietta Chambers, 9/1/1995

Flora contributor: Alexander Abair

### Lycopus americanus Muhl. ex W.P.C. Barton

Common names: American water horehound, American bugleweed, cutleaf water horehound

Origin: native Voucher: OSU, most recently collected in 2019.

FPN - 403, accepted, in Oregon (implied); FPN2 - 482, accepted, in Oregon (implied), ; IL - 3:659, accepted, in Oregon (implied); IN - 4:314, accepted, in Oregon (implied); JPM - 715, accepted, in Oregon (implied); JPM2 - 839, accepted, in Oregon (implied); PEK - 682, accepted, in Oregon (explicit); VP - 4:257, accepted, in Oregon (implied).

# Lycopus asper Greene

Common names: rough bugleweed, Pacific water horehound

Origin: native Voucher: OSU, most recently collected in 2002.

FPN - 403, accepted, in Oregon (implied); FPN2 - 482, accepted, in Oregon (implied), ; IN - 4:313, accepted, in Oregon (implied); JPM - 715, accepted, in Oregon (implied); JPM2 - 839, accepted, in Oregon (implied); VP - 4:257, accepted, in Oregon (implied).

Misapplied names:

### Lycopus lucidus Turcz.

FPN - 403, synonym for Lycopus asper, in Oregon (implied), misapplied; IL - 3:659, accepted, in Oregon (explicit);

PEK - 682, accepted, in Oregon (explicit).

## Lycopus europaeus L.

Common names: European water horehound, European bugleweed

Origin: exotic, not naturalized

FPN2 - 482, accepted, in Oregon (explicit).

# Lycopus uniflorus Michx.

Common names: northern bugleweed

Origin: native Voucher: OSU, most recently collected in 2016.

FPN - 403, accepted, in Oregon (implied); FPN2 - 482, accepted, in Oregon (implied), ; GWM - 298, accepted, in Oregon (explicit); IL - 3:658, accepted, in Oregon (implied); JPM - 715, accepted, in Oregon (implied); JPM2 - 839, accepted, in Oregon (implied); PEK - 682, accepted, in Oregon (explicit); VP - 4:257, accepted, in Oregon (implied).

### **Literature cited for Lycopus**

(Excluding the standard references unless specifically cited in the flora manuscript.)

Nelson, J.C. 1918A. Additions to the flora of western Oregon. Torreya 18:21-35.

# **Marrubium**

Checklist contributor: Henrietta Chambers, 9/1/1995

Flora contributor: Alexander Abair

# Marrubium vulgare L.

Common names: common horehound, white horehound

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2019.

FPN - 404, accepted, in Oregon (implied); FPN2 - 482, accepted, in Oregon (implied), ; GWM - 298, accepted, in Oregon (explicit); IL - 3:624, accepted, in Oregon (implied); JPM - 715, accepted, in Oregon (implied); JPM2 - 839, accepted, given distribution: CA-FP, uncommon DMtns; widespread worldwide.; PEK - 673, accepted, in Oregon (explicit).

# Melissa

Checklist contributor: Henrietta Chambers, 9/1/1995

Flora contributor: Alexander Abair

## Melissa officinalis L.

Common names: lemon balm, garden balm

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2020.

FPN - 404, accepted, in Oregon (implied); FPN2 - 483, accepted, in Oregon (implied), ; IL - 3:645, accepted, in Oregon (explicit); JPM - 716, accepted, given distribution: NW, CaRF, n SNF, CW; native to s Eur; JPM2 - 839, accepted, no geog. info. given; PEK - 679, accepted, in Oregon (explicit); VP - 4:259, accepted, in Oregon (implied).

# Mentha

Checklist contributor: Henrietta Chambers, 10/20/1995

Flora contributor: Alexander Abair

### Mentha canadensis L.

Common names: field mint, corn mint

Origin: native Voucher: OSU, most recently collected in 2016.

FPN - 404, synonym for Mentha arvensis, in Oregon (implied); FPN2 - 483, accepted, in Oregon (implied), ; IL - 3:662, synonym for Mentha arvensis var. canadensis, in Oregon (implied); JPM2 - 840, accepted, not in Oregon; KZ - 2:488, accepted.

#### Synonyms:

#### Mentha arvensis L.

FPN - 404, accepted, in Oregon (implied); IN - 4:312, accepted, not in Oregon; JPM - 716, accepted, in Oregon (implied); JPM2 - 840, accepted, in Oregon (implied).

#### Mentha arvensis L. var. arvensis

IL - 3:662, (subtaxon implied), accepted, in Oregon (implied); PEK - 681, (subtaxon implied), accepted, in Oregon (explicit); VP - 4:260, accepted, not in Oregon.

#### Mentha arvensis L. var. canadensis (L.) Kuntze

IL - 3:662, accepted, in Oregon (implied); PEK - 681, accepted, in Oregon (explicit).

### Mentha arvensis L. var. glabrata (Benth.) Fernald

FPN - 404, accepted, in Oregon (implied); IL - 3:662, accepted, in Oregon (implied); PEK - 681, accepted, in Oregon (explicit); VP - 4:261, accepted, in Oregon (implied).

### Mentha arvensis L. var. lanata Piper

IL - 3:662, accepted, in Oregon (implied); PEK - 681, accepted, in Oregon (explicit).

### Mentha longifolia (L.) Huds.

Common names: horsemint

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 1930.

FPN2 - 483 & 484, accepted, given distribution: , listed in desc. of M. canadensis and M. spicata as a part of the hybrid cross these species are also known as maybe; JPM2 - 840, accepted, in Oregon (implied).

### Mentha $\times$ piperita L.

FPN - 405, matched with Mentha piperita (named hybrid), accepted, in Oregon (implied), expressed as Mentha piperita; FPN2 - 483, accepted, in Oregon (implied); IL - 3:661, accepted, in Oregon (implied); IN - 4:312, accepted; JPM - 716, accepted, in Oregon (implied); JPM2 - 840, accepted, in Oregon (implied); PEK - 680, accepted, in Oregon (explicit); VP - 4:261, accepted, in Oregon (implied).

## Mentha × piperita L. ssp. piperita

Common names: peppermint

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2016.

Synonyms:

### Mentha citrata Ehrh.

FPN - 405, accepted, in Oregon (implied); IL - 3:661, accepted, in Oregon (implied); IN - 4:312, accepted; PEK - 681, accepted, in Oregon (explicit); VP - 4:261, accepted.

### Mentha × piperita L. ssp. citrata (Ehrh.) Briq.

# Misapplied names:

### Mentha aquatica L.

FPN2 - 483, accepted, not in Oregon, ; JPM2 - 840, accepted, in Oregon (implied); KZ - 2:347, accepted.

## Mentha pulegium L.

Common names: pennyroyal

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2021.

FPN - 404, accepted, in Oregon (implied); FPN2 - 483, accepted, in Oregon (implied), ; IL - 3:661, accepted, in Oregon (explicit); JPM - 716, accepted, in Oregon (explicit); JPM2 - 840, accepted, in Oregon (explicit); PEK - 681, accepted, in Oregon (explicit).

# Mentha spicata L.

Common names: spearmint

Origin: exotic, naturalized

Voucher: OSU, most recently collected in 2019.

FPN - 404, accepted, in Oregon (implied); FPN2 - 484, accepted, given distribution: occ on both sides Cas , ; IL - 3:659, accepted, in Oregon (implied); IN - 4:312, accepted, in Oregon (implied); JPM2 - 842, accepted, not in Oregon; PEK - 680, accepted, in Oregon (explicit); VP - 4:262, accepted, in Oregon (implied).

### Synonyms:

### Mentha spicata L. var. spicata

JPM - 716, accepted, given distribution: CA-FP, W&I, DMtns (uncommon), cult elsewhere; to e US; native to Eur.

#### Mentha suaveolens Ehrh.

Common names: apple mint, round-leaved mint

Origin: exotic, naturalized

Voucher: OSU, most recently collected in 2015.

FPN2 - 484, accepted, in Oregon (implied), ; JPM - 716, accepted, given distribution: NW, SN, CW, SCo, SNE, expected elsewhere; native to s Eur; JPM2 - 842, accepted, no geog. info. given.

### Misapplied names:

### Mentha rotundifolia (L.) Huds.

FPN - 404, accepted, in Oregon (implied); FPN2 - 484, accepted, given distribution: uncommon in VI and sw BC, also s and e N Am, in the book as M. ×rotundifolia; IL - 3:661, accepted, in Oregon (explicit); JPM2 - 840, accepted, in Oregon (implied); PEK - 681, accepted, in Oregon (explicit); VP - 4:262, accepted, in Oregon (explicit).

### *Mentha* × *villosa* Huds.

JPM2 - 842, accepted, in Oregon (implied).

# Mentha × villosa Huds. var. alopecuroides (Hull) Briq.

Common names: woolly mint

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 1922.

Synonyms:

### Mentha alopecuroides Hull

FPN - 404, accepted, in Oregon (implied); IL - 3:661, accepted, in Oregon (explicit); VP - 4:262, accepted.

# Moluccella

Checklist contributor: Henrietta Chambers, 10/20/1995

Flora contributor: Alexander Abair

### Moluccella laevis L.

Common names: shellflower, bells of Ireland

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 1997.

IN - 4:324, accepted, in Oregon (explicit); JPM - 716, accepted, in Oregon (implied).

# Monardella

Checklist contributor: Henrietta Chambers, 6/3/1997

Flora contributor: Mark Elvin

### Monardella angustifolia Elvin, Ertter & Mansfield

Common names: narrow-leaved monardella, Leslie Gulch monardella

Origin: native Voucher: OSU, most recently collected in 2021.

### Monardella odoratissima Benth.

Common names: mountain monardella, mountain coyotemint, western mountain balm, mountain pennyroyal

Origin: native Voucher: OSU, most recently collected in 2016.

FPN - 405, accepted, in Oregon (explicit); IN - 4:308, accepted, in Oregon (implied); JPM - 721, accepted, in Oregon (implied); PEK - 678, accepted; VP - 4:265, accepted, in Oregon (implied).

### Synonyms:

### Monardella glauca Greene

IL - 3:654, synonym for Monardella odoratissima ssp. glauca, in Oregon (explicit); JPM - 720, accepted, not in Oregon.

### Monardella odoratissima Benth. ssp. discolor (Greene) Epling

FPN2 - 484, accepted, in Oregon (explicit), not bolded in M. odoratissima desc.; IL - 3:654, accepted, in Oregon (explicit); KZ - 1:348, accepted; PEK - 679, accepted, in Oregon (explicit).

### Monardella odoratissima Benth. var. discolor (Greene) H. St. John

FPN - 405, accepted, in Oregon (explicit); VP - 4:265, accepted.

### Monardella odoratissima Benth. ssp. glauca (Greene) Epling

IL - 3:654, accepted, in Oregon (explicit); JPM2 - 848, accepted, in Oregon (explicit); KZ - 1:349, accepted; PEK - 678, accepted, in Oregon (explicit).

#### Monardella odoratissima Benth. var. glauca (Greene) H. St. John

IN - 4:310, accepted.

### Monardella odoratissima Benth. ssp. odoratissima

FPN2 - 484, accepted, in Oregon (explicit), not bolded in M. odoratissima desc.; IL - 3:651, (subtaxon implied), accepted, in Oregon (implied); JPM - 721, accepted, in Oregon (implied); KZ - 1:349, accepted; PEK - 678, (subtaxon implied), accepted, in Oregon (explicit).

### Monardella odoratissima Benth. var. odoratissima

FPN - 405, accepted, in Oregon (explicit); VP - 4:265, accepted.

### Monardella odoratissima Benth. var. ovata Jeps.

IN - 4:310, accepted.

### Monardella odoratissima Benth. ssp. pallida (A. Heller) Epling

IL - 3:654, accepted, not in Oregon; JPM - 721, accepted, not in Oregon; JPM2 - 848, accepted, in Oregon (explicit);

KZ - 1:349, accepted; PEK - 678, accepted, in Oregon (explicit).

# Monardella purpurea Howell

Common names: Siskiyou monardella

Origin: native Voucher: OSU, most recently collected in 2017.

IL - 3:651, accepted, in Oregon (explicit); JPM - 721, accepted, in Oregon (explicit); JPM2 - 848, accepted, in Oregon (explicit); PEK - 679, accepted, in Oregon (explicit).

### Monardella sheltonii Torr.

Common names: Shelton's coyotemint

Origin: native Voucher: OSU, most recently collected in 2017.

IL - 3:650, synonym for Monardella villosa ssp. sheltonii, in Oregon (explicit); JPM - 722, accepted, in Oregon (explicit); JPM2 - 848, accepted, not in Oregon.

### Synonyms:

# Monardella villosa Benth. ssp. sheltonii (Torr.) Epling

IL - 3:650, accepted, in Oregon (explicit); PEK - 678, accepted, in Oregon (explicit).

## Monardella villosa Benth. ssp. villosa

Common names: coyotemint

Origin: native Voucher: OSU, most recently collected in 2017.

JPM - 722, accepted, not in Oregon; JPM2 - 849, accepted, not in Oregon.

Synonyms

### Monardella villosa Benth. ssp. subserrata (Greene) Epling

IL - 3:650, accepted, in Oregon (explicit); KZ - 1:349, accepted; PEK - 678, accepted, in Oregon (explicit).

### Literature cited for Monardella

(Excluding the standard references unless specifically cited in the flora manuscript.)

Epling, C. 1925. Monograph of the genus Monardella. Annals of the Missouri Botanical Garden 12:1-106.

# **Nepeta**

Checklist contributor: Henrietta Chambers, 12/6/1995

Flora contributor: Stephen Meyers

## Nepeta cataria L.

Common names: catnip, catmint

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2019.

FPN - 405, accepted, in Oregon (implied); FPN2 - 485, accepted, in Oregon (implied), ; GWM - 300, accepted, in Oregon (explicit); IL - 3:627, accepted, in Oregon (implied); IN - 4:318, accepted, in Oregon (implied); JPM - 722, accepted, in Oregon (implied); JPM2 - 850, accepted, in Oregon (implied); PEK - 674, accepted, in Oregon (explicit); VP - 4:266, accepted, in Oregon (implied).

# **Origanum**

Checklist contributor: Henrietta Chambers, 12/6/1995

Flora contributor: Alexander Abair

### Origanum vulgare L.

Common names: oregano, wild marjoram

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2019.

FPN - 406, accepted, in Oregon (implied); FPN2 - 485, accepted, in Oregon (implied), ; IL - 3:648, accepted, in Oregon (explicit); JPM - 724, accepted, given distribution: NCo, SnFrB, n SCo (near Ventura); native to Medit Eur; PEK - 679, accepted, in Oregon (explicit); VP - 4:266, accepted, in Oregon (explicit).

# Physostegia

Checklist contributor: Henrietta Chambers, 5/26/2002

Flora contributor: Alexander Abair

### Physostegia parviflora Nutt. ex A. Gray

Common names: purple dragonhead, western false dragonhead

Origin: native Voucher: OSU, most recently collected in 1928.

FPN - 406, accepted, in Oregon (implied); FPN2 - 485, accepted, in Oregon (explicit), ; IN - 4:320, accepted, in Oregon (explicit); PEK - 675, accepted, in Oregon (explicit).

Synonyms:

# Dracocephalum nuttallii Britton

IL - 3:628, accepted, in Oregon (explicit); VP - 4:250, accepted, in Oregon (explicit).

# **Pogogyne**

Checklist contributor: Henrietta Chambers, 1/14/1997

Flora contributor: Alexander Abair

## Pogogyne floribunda Jokerst

Common names: profuse-flowered pogogyne, profuse-flowered mesamint

Origin: native Voucher: OSU, most recently collected in 2016.

JPM - 724, accepted, not in Oregon; JPM2 - 851, accepted, not in Oregon.

# Pogogyne serpylloides (Torr.) A. Gray

Common names: thyme-leaf mesamint

Origin: native Voucher: OSU, most recently collected in 1999.

# Pogogyne zizyphoroides Benth.

Common names: bristly pogogyne, Sacramento mesamint, Sacramento pogogyne

Origin: native Voucher: OSU, most recently collected in 1979.

IL - 3:648, accepted, in Oregon (explicit); JPM - 724, accepted, in Oregon (explicit); JPM2 - 851, accepted, in Oregon (explicit).

Synonyms:

### Pogogyne ziziphoroides Benth.

orthographic variant

PEK - 680, accepted, in Oregon (explicit).

# Literature cited for Pogogyne

(Excluding the standard references unless specifically cited in the flora manuscript.)

Jokerst, J.D. 1992. Pogogyne floribunda (Lamiaceae), a new species from the Great Basin in northeastern California. Aliso 13(2):347-353.

# **Prunella**

Checklist contributor: Henrietta Chambers, 12/13/1995

Flora contributor: Alexander Abair

### Prunella vulgaris L.

FPN - 406, accepted, in Oregon (implied); GWM - 300, accepted, in Oregon (explicit); IN - 4:322, accepted, in Oregon (implied); JPM - 725, accepted, in Oregon (implied); PEK - 674, accepted.

# Prunella vulgaris L. var. lanceolata (W.P.C. Barton) Fernald

Common names: native self-heal, lance-leaved heal-all, lance-leaved self-heal

Origin: native Voucher: OSU, most recently collected in 2019.

FPN - 406, accepted, in Oregon (implied); FPN2 - 486, accepted, in Oregon (implied), range of sp.: AK s, both sides Cas, to CA, e to Atl; 2 weak vars. In our area; JPM - 725, accepted, in Oregon (implied); JPM2 - 852, accepted, in Oregon (implied); PEK - 675, accepted, in Oregon (explicit); VP - 4:268, accepted, in Oregon (implied).

Synonyms:

## Prunella vulgaris L. ssp. lanceolata (W.P.C. Barton) Hultén

IL - 3:628, accepted, in Oregon (implied); KZ - 1:350, accepted.

## Prunella vulgaris L. var. vulgaris

Common names: Eurasian self-heal, common heal-all, common self-heal

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2019.

FPN - 406, accepted, in Oregon (implied); FPN2 - 486, accepted, in Oregon (implied), range of sp.: AK s, both sides Cas, to CA, e to Atl; 2 weak vars. In our area; JPM - 725, accepted, given distribution: NCo, CCo, SCo; e US; native to Eur; JPM2 - 852, accepted, not in Oregon; PEK - 675, (subtaxon implied), accepted, in Oregon (explicit); VP - 4:268, accepted, in Oregon (implied).

Synonyms:

### Prunella vulgaris L. var. calvescens Fernald

PEK - 675, accepted, in Oregon (explicit).

### Prunella vulgaris L. var. hispida Benth.

PEK - 675, accepted, in Oregon (explicit).

### Prunella vulgaris L. ssp. vulgaris

IL - 3:628, (subtaxon implied), accepted, in Oregon (explicit).

# **Pycnanthemum**

Checklist contributor:

Flora contributor: treatment pending

# Pycnanthemum californicum Torr. ex Durand

Common names: California mountainmint

Origin: exotic Voucher: SOC, most recently collected in 2017.

JPM2 - 852, accepted.

# **Rosmarinus**

Checklist contributor:

Flora contributor: treatment pending

### Rosmarinus officinalis L.

Common names: rosemary

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 2017.

# Salvia

Checklist contributor: Henrietta Chambers, 1/23/1996

Flora contributor: Alexander Abair

## Salvia aethiopis L.

Common names: African sage, Mediterranean sage

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2017.

FPN - 407, accepted, in Oregon (explicit); FPN2 - 486, accepted, in Oregon (implied), ; IN - 4:328, accepted, in Oregon (explicit); JPM - 726, accepted, given distribution: MP; native to Eur; JPM2 - 854, accepted, no geog. info. given; PEK - 677, accepted, in Oregon (explicit); VP - 4:269, accepted, in Oregon (explicit).

Synonyms:

### Salvia aethiopsis L.

orthographic variant

IL - 3:636, accepted, in Oregon (explicit); PEK - 677, accepted, in Oregon (explicit).

## Salvia dorrii (Kellogg) Abrams var. dorrii

Common names: gray ball sage

Origin: native Voucher: OSU, most recently collected in 2013.

FPN2 - 486, accepted, in Oregon (explicit), ; JPM - 728, accepted, in Oregon (explicit); JPM2 - 854, accepted, in Oregon (explicit).

Synonyms:

Salvia dorrii (Kellogg) Abrams ssp. dorrii

IL - 3:639, (subtaxon implied), accepted, in Oregon (explicit).

Salvia dorrii (Kellogg) Abrams var. gracilior M. Peck

IN - 4:330, accepted; PEK - 678, accepted, in Oregon (explicit).

### Salvia dorrii (Kellogg) Abrams var. incana (Benth.) Strachan

Common names: fleshy sage

Origin: native Voucher: OSU, most recently collected in 2017.

FPN2 - 486, accepted, in Oregon (explicit), ; JPM - 728, accepted, in Oregon (implied); JPM2 - 854, accepted, in Oregon (implied).

Synonyms:

Salvia dorrii (Kellogg) Abrams ssp. carnosa (Douglas ex Greene) Abrams

IL - 3:639, accepted, in Oregon (explicit); PEK - 677, accepted, in Oregon (explicit).

Salvia dorrii (Kellogg) Abrams var. carnosa (Douglas ex Greene) Cronquist

FPN - 407, accepted, in Oregon (implied); VP - 4:269, accepted.

### Salvia reflexa Hornem.

Common names: lanceleaf sage, mintweed

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 1999.

FPN2 - 486, accepted, in Oregon (explicit), ; IN - 4:328, accepted, in Oregon (explicit).

#### Salvia sclarea L.

Common names: clary sage, Europe sage, eye-bright, clear-eye

Origin: exotic, naturalized Voucher: OSU, most recently collected in 2004.

FPN - 407, accepted, in Oregon (implied); FPN2 - 486, accepted, in Oregon (implied), ; IN - 4:328, accepted, given distribution: native of the Medit. Region, occasionally found in the US along roadsides and in other distured habitats and well established at least in Emigration Canyon, Salk Lake Co., Utah.; VP - 4:270, accepted, not in Oregon.

# Salvia sonomensis Greene

Common names: creeping sage, Sonoma sage

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 2007.

IL - 3:639, accepted, not in Oregon; JPM - 728, accepted, not in Oregon; JPM2 - 855, accepted, not in Oregon.

### Literature cited for Salvia

(Excluding the standard references unless specifically cited in the flora manuscript.)

Strachan, J.L. 1982. A revision of the Salvia dorrii complex (Lamiaceae). Brittonia 34:151-169.

Strachan, J.L. 1983. A revision of the Salvia dorrii complex (Lamiaceae). Brittonia 35:170.

# Scutellaria

Checklist contributor: Henrietta Chambers, 12/27/1995

Flora contributor: Alexander Abair

## Scutellaria angustifolia Pursh

FPN - 408, accepted, in Oregon (implied); IL - 3:623, accepted, in Oregon (explicit); IN - 4:306, accepted, in Oregon (explicit); VP - 4:272, accepted.

# Scutellaria angustifolia Pursh ssp. angustifolia

Common names: narrow-leaved skullcap

Origin: native Voucher: OSU, most recently collected in 2019.

FPN2 - 487, accepted, in Oregon (explicit), .

Synonyms:

Scutellaria angustifolia Pursh var. angustifolia

PEK - 672, (subtaxon implied), accepted, in Oregon (explicit).

### Scutellaria angustifolia Pursh ssp. micrantha Olmstead

Common names: small-flowered skullcap

Origin: native Voucher: OSU, most recently collected in 2010.

FPN2 - 487, accepted, in Oregon (explicit), .

#### Scutellaria antirrhinoides Benth.

Common names: snapdragon skullcap

Origin: native Voucher: OSU, most recently collected in 2018.

Burkhart et al., 1996 - ; FPN - 408, accepted, in Oregon (explicit); FPN2 - 487, accepted, in Oregon (explicit), ; IL - 3:623, accepted, in Oregon (explicit); IN - 4:306, accepted, in Oregon (explicit); JPM - 730, accepted, in Oregon (implied); JPM2 - 856, accepted, in Oregon (implied); PEK - 672, accepted, in Oregon (explicit); VP - 4:273, accepted, in Oregon (explicit).

# Scutellaria galericulata L.

Common names: willow-weed skullcap, marsh skullcap

Origin: native Voucher: OSU, most recently collected in 2013.

FPN - 408, accepted, in Oregon (implied); FPN2 - 487, accepted, in Oregon (implied), ; IL - 3:621, accepted, in Oregon (implied); JPM - 730, accepted, in Oregon (implied); JPM2 - 856, accepted, in Oregon (implied); VP - 4:273, accepted, in Oregon (implied).

Synonyms:

Scutellaria epilobifolia A. Ham.

PEK - 672, accepted, in Oregon (explicit).

### Scutellaria lateriflora L.

Common names: mad-dog skullcap, hoodwort

Origin: native Voucher: OSU, most recently collected in 2016.

FPN - 408, accepted, in Oregon; FPN2 - 487, accepted, in Oregon (implied); JL - 3:624, accepted, in Oregon (explicit); JPM - 730, accepted, in Oregon (implied); JPM2 - 856, accepted, in Oregon (implied); PEK - 672, accepted, in Oregon (explicit); VP - 4:273, accepted, in Oregon (implied).

# Scutellaria nana A. Gray

Common names: dwarf skullcap

Origin: native Voucher: OSU, most recently collected in 2015.

FPN - 408, accepted, in Oregon (explicit); FPN2 - 487, accepted, in Oregon (explicit), ; IL - 3:621, accepted, in Oregon (explicit); IN - 4:306, accepted, in Oregon (explicit); JPM - 730, accepted, in Oregon (explicit); JPM2 - 856, accepted, in Oregon (explicit); PEK - 673, accepted, in Oregon (explicit); VP - 4:273, accepted, in Oregon (explicit).

Synonyms:

Scutellaria nana A. Gray var. nana

FPN - 408, accepted, in Oregon (explicit); IN - 4:306, accepted; VP - 4:275, accepted.

### Scutellaria tuberosa Benth.

Common names: blue skullcap

Origin: native Voucher: OSU, most recently collected in 2003.

IL - 3:621, accepted, in Oregon (explicit); JPM - 730, accepted, in Oregon (explicit); JPM2 - 856, accepted, in Oregon (explicit); PEK - 672, accepted, in Oregon (explicit).

### Literature cited for Scutellaria

# **Stachys**

Checklist contributor: Henrietta Chambers, 2/6/1996

Flora contributor: Alexander Abair

### Stachys arvensis L.

Common names: staggerweed, field woundwort

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 1912.

FPN2 - 488, accepted, in Oregon (implied), .

### Stachys byzantina C. Koch

Common names: lamb's ear, woolly hedgenettle

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 2011.

FPN2 - 487, accepted, not in Oregon, in genus desc..

### Stachys cooleyae A. Heller

Common names: Cooley's hedge nettle, great hedge nettle, great betony

Origin: native Voucher: OSU, most recently collected in 2016.

Chambers & Chambers, 1997A - accepted, in Oregon (explicit); FPN - 408, accepted, in Oregon (explicit); FPN2 - 488, accepted, in Oregon (explicit), ; IL - 3:632, synonym for Stachys ciliata, in Oregon (explicit).

### Stachys cooleyae A. Heller × Stachys mexicana Benth.

Origin: native Voucher: OSU, most recently collected in 1964.

### Stachys mexicana Benth.

Common names: Mexican betony, great betony, coast hedge nettle, Mexican hedge nettle

Origin: native Voucher: OSU, most recently collected in 2016.

Chambers & Chambers, 1997A - accepted, in Oregon (explicit); FPN - 408, accepted, in Oregon (implied); FPN2 - 488, accepted, in Oregon (implied), ; JPM2 - 858, accepted, in Oregon (explicit); VP - 4:276, accepted, in Oregon (explicit).

Synonyms:

### Stachys emersonii Piper

FPN - 408, synonym for Stachys mexicana, in Oregon (implied); IL - 3:632, accepted, in Oregon (explicit); PEK - 676, accepted, in Oregon (explicit).

### Misapplied names:

Stachys ajugoides Benth.

Stachys ajugoides Benth. var. rigida (Nutt. ex Benth.) Jeps. & Hoover

### Stachys pilosa Nutt.

Common names: marsh betony, prairie woundwort, marsh hedge nettle, woundwort

Origin: native Voucher: OSU, most recently collected in 2018.

Chambers & Chambers, 1997A - accepted, in Oregon (explicit); FPN - 408, synonym for Stachys palustris var. pilosa, in Oregon (implied); IL - 3:632, synonym for Stachys palustris ssp. pilosa, in Oregon (explicit); JPM2 - 859, accepted, in Oregon (implied).

Synonyms:

### Stachys palustris L.

Chambers & Chambers, 1997A - ; FPN - 408, accepted, in Oregon (implied), ours is var. pilosa; IN - 4:320, accepted, in Oregon (explicit); VP - 4:276, accepted, in Oregon (explicit).

# Stachys palustris L. ssp. pilosa (Nutt.) Epling

Chambers & Chambers, 1997A - synonym, in Oregon (explicit); IL - 3:632, accepted, in Oregon (explicit); JPM - 731, accepted, in Oregon (implied); PEK - 677, accepted, in Oregon (explicit).

### Stachys palustris L. var. pilosa (Nutt.) Fernald

FPN - 408, accepted, in Oregon (implied); VP - 4:277, accepted.

### Stachys pilosa Nutt. var. pilosa

FPN2 - 488, accepted, given distribution: AK s, mostly e Cas in our area, e across much of N Am to Atl,.

## Stachys rigida Nutt. ex Benth.

Common names: rigid betony, rigid hedge nettle

Origin: native Voucher: OSU, most recently collected in 2019.

Chambers & Chambers, 1997A - accepted, in Oregon (explicit); Epling, 1938 -; FPN - 408, accepted, in Oregon (implied); VP - 4:277, accepted, in Oregon (explicit).

Synonyms:

Stachys ajugoides Benth.

Stachys ajugoides Benth. var. rigida (Nutt. ex Benth.) Jeps. & Hoover

### Stachys rigida Nutt. ex Benth. ssp. quercetorum (A. Heller) Epling

IL - 3:633, accepted, in Oregon (explicit); PEK - 677, accepted, in Oregon (explicit).

### Stachys rigida Nutt. ex Benth. var. quercetorum (A. Heller) Epling ex Munz

JPM2 - 859, accepted, in Oregon (explicit).

# Stachys rigida Nutt. ex Benth. ssp. rigida

IL - 3:633, (subtaxon implied), accepted, in Oregon (explicit); PEK - 677, accepted, in Oregon (explicit).

#### Stachys rigida Nutt. ex Benth. var. rigida

FPN - 408, accepted, in Oregon (implied); FPN2 - 488, accepted, in Oregon (implied), ours var. rigida; JPM2 - 859, accepted, in Oregon (implied); VP - 4:277, accepted.

# Stachys rigida Nutt. ex Benth. ssp. rivularis (A. Heller) Epling

IL - 3:634, accepted, in Oregon (explicit); PEK - 677, accepted, in Oregon (explicit).

## Misapplied names:

### Stachys ajugoides Benth. var. ajugoides

JPM - 731, accepted, in Oregon (implied).

### Stachys ciliata Douglas ex Benth.

FPN - 408, ambiguous synonym for Stachys mexicana, in Oregon (implied), misapplied to Stachys cooleyae and synonym of S. mexicana; IL - 3:632, accepted, in Oregon (explicit); KZ - 1:353, accepted; PEK - 676, accepted, in Oregon (explicit).

### Literature cited for Stachys

(Excluding the standard references unless specifically cited in the flora manuscript.)

# **Thymus**

Checklist contributor: Henrietta Chambers, 2/9/1996

Flora contributor: Alexander Abair

## Thymus serpyllum L.

Common names: creeping thyme

Origin: exotic, not naturalized Voucher: OSU, most recently collected in 2018.

FPN - 409, accepted, in Oregon (implied); FPN2 - 488, accepted, not in Oregon, in genus desc.; IL - 3:659, accepted, in Oregon (explicit);

PEK - 680, accepted, in Oregon (explicit); VP - 4:279, accepted, in Oregon (implied).

# **Trichostema**

Checklist contributor: Henrietta Chambers, 2/13/1996

Flora contributor: Alexander Abair

#### Trichostema lanatum Benth

Common names: woolly bluecurls

Origin: exotic, not naturalized Voucher: SOC, most recently collected in 1939.

## Trichostema lanceolatum Benth.

Common names: vinegar weed, terpentine weed, camphor weed, bluecurls

Origin: native Voucher: OSU, most recently collected in 2016.

FPN - 409, accepted, in Oregon (implied); FPN2 - 489, accepted, in Oregon (explicit); JL - 3:619, accepted, in Oregon (explicit); JPM - 732, accepted, in Oregon (explicit); JPM2 - 860, accepted, in Oregon (explicit); PEK - 671, accepted, in Oregon (explicit); VP - 4:280, accepted, in Oregon (explicit).

### Trichostema oblongum Benth.

Common names: mountain bluecurls, downy bluecurls, oblong bluecurls

Origin: native Voucher: OSU, most recently collected in 2007.

FPN - 409, accepted, given distribution: Wn and adj Ida to Cal and w Nev; FPN2 - 489, accepted, in Oregon (explicit), ; IL - 3:618, accepted, in Oregon (implied); JPM - 734, accepted, in Oregon (implied); JPM2 - 860, accepted, in Oregon (implied); PEK - 671, accepted, in Oregon (explicit); VP - 4:280, accepted, in Oregon (explicit).

### Trichostema simulatum Jeps.

Common names: Siskiyou bluecurls

Origin: native Voucher: OSU, most recently collected in 1967.

IL - 3:619, accepted, in Oregon (explicit); JPM - 734, accepted, in Oregon (explicit); JPM2 - 860, accepted, in Oregon (explicit).

Synonyms:

# Trichostemma simulans Jeps.

orthographic variant

PEK - 671, accepted, in Oregon (explicit).

# Literature cited for Trichostema

(Excluding the standard references unless specifically cited in the flora manuscript.)

Lewis, H. 1945. A revision of the genus Trichostema. Brittonia 5:276-303.

### **Excluded names:**

### Salvia pratensis L.

FPN - 407, accepted, in Oregon (implied); FPN2 - 487, accepted, given distribution: uncommon in our area, most reports are misidentifications of other spp., ; VP - 4:270, accepted, not in Oregon.

## Satureja acinos (L.) Scheele

FPN - 407, accepted, in Oregon (implied).

### Scutellaria angustifolia Pursh var. canescens A. Gray

Epling, 1942 - accepted, not in Oregon; Olmstead, 1990 - accepted, not in Oregon; PEK - 672, accepted, in Oregon (explicit).

### Teucrium canadense L. var. occidentale (A. Gray) E.M. McClint. & Epling

FPN - 409, accepted, in Oregon (implied), occ. in our range; FPN2 - 488, accepted, not in Oregon, ; IN - 4:304, accepted, in Oregon (implied).

### Synonyms:

### Teucrium canadense L. ssp. occidentale (A. Gray) W.A. Weber

VP - 4:279, accepted, in Oregon (explicit).

#### Teucrium occidentale A. Grav

FPN - 409, synonym for Teucrium canadense var. occidentale, in Oregon (implied); IL - 3:615, accepted, in Oregon (explicit); PEK - 670, accepted, in Oregon (explicit).

#### Trichostema laxum A. Gray

IL - 3:619, accepted, in Oregon (explicit); JPM - 732, accepted, not in Oregon; JPM2 - 860, accepted, not in Oregon; PEK - 671, accepted, in Oregon (explicit).
